Art Unit: 3629

Filed: August 20, 2001

Examiner: Jonathan P. Ouellette

Title: METHOD FOR ELECTRONICALLY SURVEYING PROSPECTIVE
CANDIDATES FOR ADMISSION TO EDUCATIONAL INSTITUTIONS AND
ENCOURAGING INTEREST IN ATTENDING

PRE-APPEAL BRIEF

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant request review of the final rejection in the above-identified application in view
of the following remarks.

REMARKS

I. The Offices Rejection of Claims 1, 16, 18, 19 and 22 is improper for failing to provide a disclosure, teaching or suggestion for each of the features and lacking a proper motivation.

1. Schillewaert does not disclose the features admitted not disclosed in Sanoff.

The Office states “it would have been obvious to one of ordinary skill in the art at the time the invention was made to have included ...(e) preparing a mailing package for each candidate which includes an incentive to respond and a unique user name and password for accessing the survey form by the internet, as disclosed by Schillewaert” OA 12/1/06 item 7.

Schillewaert does not disclose “preparing a mailing package for each candidate which includes an incentive to respond and a unique user name and password for accessing the survey form by the internet. Schillewaert provides an incentive to provide an identity after the survey is completed, thus not an incentive to (See Applicants response 3/1/07 pg 9-10, 12) and is devoid of any teaching of providing a unique user name and password as required by the claims. (See Applicant’s response 3/1/07 pg. 9)

The Office also states “it would have been obvious to one of ordinary skill in the art at the time the invention was made to have included...a postage prepaid response card; and emailing each candidate from a named individual at an e-mail address which includes the name of the institution...as disclosed by Schillewaert” OA 12/1/06 item 12.

Schillewaert does not disclose a postage prepaid response card or emailing each candidate from a named individual at an e-mail address which includes the name of the institution, and the Office has provided not basis for such a disclosure. (See Applicant’s response 3/1/07 pg. 10

2. The Office's own conclusion teaches against the combination of Schillewaert to provide mailings.

The Office states "The concepts described by Schillewaert are intended to be an advancement on paper-based survey methods for purposes of increased cost savings, convenience, and flexibility. OA12/01/06 item 52

The Application of Schillewaert to provide the use of mailings in combination with a web survey is improper See Applicants response 3/01/07 pg. 10.

3. Thomas is not cited in the rejection.

The Office's contention in item 48 OA 12/1/06 regarding Thomas as a teaching reference is improper as Thomas is not recited against Claims 1, 16, 18, 19 and 22 (See Applicants Response 3/1/07 page 9)

II. The Office's Rejection of Claim 2-6 and 8-15 is improper for failing to provide a disclosure, teaching or suggestion for each of the features.

1. Thomas does not disclose the features admitted not disclosed in Sanoff.

The Office Action States "it would have been obvious to one of ordinary skill in the art at the time the invention was made to have included...e-mailing each candidate from a named individual at an e-mail address which includes the name of the institution ... as discloses by Thomas" OA 3/1/06 item 26.

Nowhere does Thomas disclose or teach the above feature. Furthermore, the Office has provided not support for inherency of the claimed feature or a secondary reference including the claimed feature. See Applicant response 3/1/06 pp. 11, 13

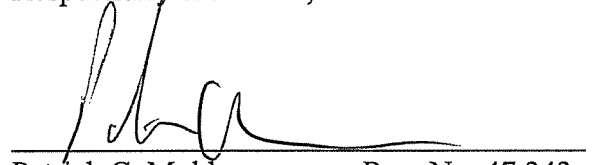

III. The Office has failed to establish a prima facie case of obviousness.

Applicants response 3/1/07 pp. 9-13

IV. Conclusion

The Applicant requests review of the Final Rejection and withdrawal of the rejections in view of the above comments and the Applicant's response of 3/1/07.

Respectfully submitted,
